Marcia,

Attached is a breakdown of the Police cost that were sent to DSI.
This car came to our lot in June 2015. Typically, it would then be sold in 1 ½ to 3 months on average, depending on various factors. For some reason this car was not sold for like 7 months later, which is why the Police cost is so high, as we get 15 per day of storage. Looking at computer records it looks like it should have been put in our 7/30/2015 auction. I assume it was somehow left out and discovered that it was still here during our yearend inventory, then put up for auction on 1/21/2015.

If it would help, maybe you can put the Police Cost back to what they would have been had it been sold on 7/30/2015. That would be 54 days of storage @ 15.00 per day or 810.00.

Then the total Police cost would be:
60.00 tow charge
80.00 impound admin. Cost
810.00 storage fees

$ 950.00 Total Police cost.

Sorry, if I find out anything meaningful more on it I'll let you know.

Please let me know if this is helpful.

Sincerely, Bret

Hi Bret,

Here is a link to the file on 287 Sidney St. E. which is in front of me tomorrow.

Please let me know all you can on the make-up of expenses on this. SPPD ended up with some $3,400 in expenses.

Thank you, Marcia

Bret,

May I ask you to contact Marsha at 68570? She has a question regarding how we came to a fee amount on a forfeited vehicle which is now being passed along as a property tax assessment to the RO at their home address in St. Paul.
