To Whom It May Concern:

This statement of fact is to let the City know about the benefit of the White Dragon Hall in the East Side of the Greater City of St. Paul.

The past five years, White Dragon Hall had provided a food catering service along with a hall rental for the community to celebrate their accomplishments such as birthday, corporate & cultural events, graduation, holidays, wedding, and etc....

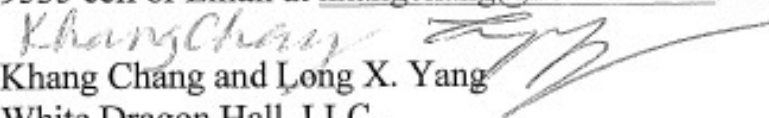

Due to the global Covid-19 pandemic, the food catering service as well as the hall rental bookings came almost to none. There were not many people wanted to gather a large crowd that's why the monthly income generation cannot even pay for the monthly rental. Therefore, a full restaurant with a cocktail bar and entertainment is necessary for the business to be survived during this global pandemic.

The Southeast Asian community, particularly the Hmong and Karen communities are in need of using White Dragon Hall for their over all cultural events. Soul food that provides by White Dragon Restaurant is also adding up to the existing restaurants that located along the White Bear Avenue corridor.

The entertainment sector is also a hanging place for our community after a long day or long week of working to be relaxed.

Over all, White Dragon Hall with a full service such as hall rental over the weekend, food catering and restaurant with a cocktail bar during the weekday are benefited to our cultural sensitive communities as well as the mainstream community in the City of St. Paul.
