Subject: Attachment 5 (update) 181 Sherburne Ave.

--Had earlier contacted Angi, but am confused as to how to use it when I got their responses.

--Had earlier contacted Jeff's Handyman of Saint Paul but he never responded.

--Contacted Powell and Sons yesterday (which seems to be a referral service like Angi) using their e-mail form but a women called back who must have been an answering service, because she thought I was talking about a deck even though I tried to explain I was talking about a rear entranceway.

--E-mailed Northern Landscape today because they had "footing repair" in their newspaper ad. Asked them if they could recommend someone else if they aren't interested and fixing tilting footing that was installed new in 2015.

Will see if I can contact someone else before an online class resumes at 12. I will miss part of it for the hearing.
