

Called received on March 23 at 9:37 a.m.

“Good morning. I am calling regarding Assessment Number 215600. My name is Karin Sanjuan. I’m at 2123 Pinehurst Avenue in Saint Paul, 55116. My phone is 651-647-1055. I want to provide an objection to this assessment of \$722 for sealcoating our alley on 2 counts: 1) We would be asked to pay before the assessment is actually ratified, 2) The sealcoating doesn’t work because it is improperly done year after year and year. I’ve lived here over 20 years. The sealcoating without under repair work, without adding proper granite and sand underneath, simply sinks all over again. The alley and the area needs to be leveled before the sealcoating is put on, otherwise we’ll just be paying this in perpetuity. I am going to be sending my payment anyway despite my objections because I have no choice via mail right now. Thank you very much.”
