---

Hello I would like to write to object to the liquor licensing proposal 20110002908 for the University of St Thomas. Already there is a lot of alcohol at parties around campus during sporting events. The worst is high-school football games on Friday nights at the UST stadium - before and after every game there are lots of drunk people walking and driving near campus. I think that allowing the sale of alcohol on campus during these events will make these issues worse.

Thank you,

Kevin Leuthold
