DSI Licensing

Subject: Keenan's Bar and Grill – Liquor-Outdoor Service Area (Patio)

Below is detail of actions taken to fulfill petition requirements and an explanation of how we believe the results of the petition attempt showed a generally favorable disposition from the surrounding community towards the proposed extension of the liquor service area to the patio area.

1. We were able to obtain signatures from several of the property owners that were on the list supplied by DSI. This was accomplished by going door to door and making a minimum of three attempts at each address. We also had the cooperation from the Lauer Flats Association. It should be noted that two of the fourteen units located within Lauer Flats have recently changed ownership. Also, the owner of 372 St. Clair Ave recently passed away. We also mailed a form requesting approval to several of the non-resident owners. The mailing included a pre-addressed stamped return envelope and Bill's cell phone number that they could call with any questions or concerns.
2. We feel that we received very favorable support from every property owner that we met with. The only opposition we encountered was easily satisfied by clarifying our objectives at a public hearing.

Sincerely,
Bill and Sue Keenan
