Good afternoon Mai,

I have attached photos to this email and entered them into AMANDA showing the current condition of the bushes at 1143 Churchill St. The first and third photos show the Como Ave side of the property (from the front and rear) and the second photo shows the Churchill St side.

Although there has been significant improvement to the access to the sidewalk, there are still areas where the shrubs overhang the sidewalk. Maybe I am being overly critical, but I would appreciate Marcia's opinion on whether they are acceptable.

Please let me know if there is anything else that you need for tomorrow's hearing.

Thanks,  
Dick
