From: Thomas Wolney/Wolney Electric LLC

Dear Sirs/Madams,

An Electrical Permit was taken out on August 23, 2021, to correct the discrepancies and upgrade the Electrical Service on the Lower Unit at 991 Rose Ave. E.; Permit #21 295848ELE.

The work commenced in the months following; the Bathroom GFI outlet was fed to a separate circuit, outlets were added and existing circuits were rendered operable, the Lower Unit Service Panel was changed and circuits were added to accommodate changes-in other words, the City's Citations for Housing Violations involving Electrical Issues were being addressed and corrected.

In March, 2022, the process was stopped: while working on a LOWER UNIT Light Fixture, the UPPER UNIT Tenants came downstairs, violently threatening me, brandishing weapons, smashing the windows and sides of the building, going over to my truck and looking for an opportunity to break into it- fortunately, it was locked, and repeatedly threatening me to come outside and have it out with me. I stayed inside with the Downstairs Tenants, who remarked that this behavior happened frequently; they had numerous smashed windows from these tenants, along with violent physical threats. I called the St. Paul Police Department who responded after 45 Minutes. A Police Report was filed, noting the damages and actions of the Violent Tenants; the Property Managers (Midwest GIRG) was also informed, and I was notified that an Eviction Notice was filed on these Tenants. I stated to Midwest GIRG that I could not continue with the Inspection Order repairs until these tenants were removed; they now had an Eviction Notice and there was every reason to believe my incident report would invite their retaliation on me or anyone else I would send to complete-especially since a number of the Corrections Items were in their Unit.

The Eviction Process took until mid-August, at which time my Permit expired, and I had other work projects needing completion. I came back to the property on November 25th, and am well in the process of completing the repairs outlined in the Inspection Report. I will renew my permit; it hasn't been closed, and Randy Kloessner, the Electrical Inspector is aware of the situation and the extreme hardship of completing the permit under the conditions described. The Units are vacant, which expedites the necessary work being performed.

I am asking the Authority for variance in rescinding the Rental License; the work required should be completed by the end of the week, and due to the circumstances beyond my control and the Property Manager's, as well as the Good Faith attempt to satisfy the City's Inspection Order prior to the incident, would give you reason to honor my request.

Sincerely,

Thomas Wolney/Wolney Electric LLC

NOTICE TO REMOVE SNOW AND/OR ICE FROM SIDEWALK
IF THE SIDEWALK HAS ALREADY BEEN SHOVELED AND CLEARED OF ICE,
THANK YOU AND PLEASE DISREGARD THIS NOTICE.

Dear Owner/Occupant/Responsible Party:

We received a complaint that the public sidewalk in front of or on the side of:

991 ROSE AVE E

has not been shoveled. The Saint Paul Legislative Code, Chapter 113, requires property owners and/or occupants to clear the sidewalks of snow and ice within 24 hours of the most recent snowfall or ice accumulation. The cleared area must be the full length and width of the sidewalk and sidewalk ramps must be cleared to the street. If the walk is covered with ice, please salt and sand as needed. To ensure compliance with the ordinance, a Code Enforcement Officer will inspect the sidewalk 48 hours after the postmark on this letter. If the snow and/or ice has not been removed by this date, the enforcement officer will schedule a City work crew to immediately do this work. The cost of snow removal is **\$160 per hour with a 1/2 hour minimum; sand and salt is \$80 per hour with a 1/2 hour minimum.** This fee plus administrative costs, will be added to the special assessments against the property, to be paid with the real estate taxes.

If the City receives subsequent snow and/or ice complaints within 365 days of this initial complaint, you will then have 24 hours to remove the snow/ice before the City clears the walk and assesses the charges to your property taxes. This notice serves as your first warning. Protecting public health and safety is important to the Department of Safety and Inspections, and your cooperation will be appreciated by many of the citizens in Saint Paul. For further information, please call the Code Enforcement Office at 651-266-8989.

Sincerely,

Department of Safety and Inspections, Code Enforcement

***WARNING** Code inspection and enforcement trips cost the taxpayers money. If the violations are not corrected within the time period required in this notice, the city's costs in conducting a reinspection after the due date for compliance will be collected from the owner rather than being paid by the taxpayers of the city. If additional new violations are discovered within the next following 12 months, the city's costs in conducting additional inspections at this same location within said 12 months will be collected from the owner rather than being paid by the taxpayers of the city. Any such future costs will be collected by assessment against the real property and are in addition to any other fines or assessments which may be levied against you and your property.

Was on site performing work in lower unit 2 of ~~the~~ permitted through the City of St Paul for fire inspection repairs. According to Tom Michael Garnett from unit #2 came down pounding on lower unit 2's door screaming and yelling about the work being performed to the Electrical saying he was not informed and was upset he was waken by the contractors noise. He began to be verbally abusive and demanded Tom stop working which Tom did and apologized. Then Tom call Michelle Myself and he explained the situation that was taking place and during the conversation the situation escalated Michael ~~started~~ his daughters started breaking windows to the lower unit and started threatening Tom to come outside. So we advised him to call the police which he did.
