Enclosed are the expenses accrued while searching for and acquiring a temporary work space that will allow me to adequately conduct my business which consists of highly specialized, hands-on, connective tissue manipulation work (Rolfing- Structural Integration). The search included Saint Paul, Minneapolis and Roseville because I needed to find a space that would rent to me on a month-by-month basis- until I deem the noise level acceptable for conducting healing work in my office at 557 West 7<sup>th</sup> Street. My intention is to return to my space at 557 which I have rented for the past 18 years.

| DESCRIPTION   | PRICE             |
