Here is further information regarding the summary abatement order.

The full garbage can in the yard was set by the curb and emptied.

The picture here is a concrete blanket on the boulevard in front of my mom's house. These objects are used to insulate concrete when it is poured during cold weather and are typically 4 foot by 20 foot according to my brother. It is very heavy and he was unable to move it. I have been in conversations with the manager of The Parkway apartments that were built across the street. My mom had workers and construction equipment occupying 7th street and Birmingham street for months during its building.

There is also curb and gutter being done there and I called that construction company as well (sign picture). While they said they would send someone over to pick it up, that was last Friday and was not done as of Saturday night, April 16, 2022.

Respectfully,
Lisa Anderson
