JRS DOORS & MORE LLC 1733 500TH ST W STANCHFIELD MN 55080

Closet:
 1 light on a switch.

Misc.:
 Install 2 TV lines to attic for antenna and/or dish connection.
 Install 1 TV and 1 phone line to exterior for landline connection.
 Wire for 1 door chime and 1 doorbell button.
 1 - 200 amp service, Meter Socket on house adjacent to electrical panel.

Total Cost of Project: \$37,380

Notes:
 Excludes all excavation and/or supply and installation of overhead service conductor.

All wiring will be completed and inspected according to the current 2020 National Electric Code (NEC).

Kriha Electric will provide all the recessed lights, bath fans, led under-cabinet lighting, cove lighting, smoke detectors, and step lights. All recessed lights come standard with a 6" Led trim kit unless otherwise noted. All other fixtures and lamps to be supplied by others and installed by Kriha Electric. Any fixtures, lamps, and/or other materials to be supplied by others must be on site by the time of the tentative completion date.

Additional charges may apply if additional trips are needed to complete the project due to fixtures/materials provided by others not being readily available when needed. Venting of bath fans to be done by others. All devices (switches, outlets, plates, etc.) to be of standard spec and color (white, Light Almond, or Ivory).

Kriha Electric, LLC and/or its affiliates, will not be liable for buried private underground utilities and does not assume responsibility for damages done to private underground utilities while performing services. Private underground utilities include, but are not limited to: private natural gas or propane utilities, sprinkler lines, electronic dog fences, private telephone, television, data, and fiber optic lines, drainage tile, sewer and water lines, and private electrical wiring such as landscape lighting, sprinkler control wiring and all other private electric utilities,

Gopher one will be called prior to our arrival. All public utilities will be marked at that time. Private utilities will not be marked such as privately owned electric and gas lines will not be marked. This includes, but is not limited to, electrical lines extending to outbuildings, outdoor lighting, hot tubs, pools, wells, septic systems, or light poles and gas lines extending to outbuildings, outdoor kitchens, fireplaces, or grills. Kriha Electric, LLC and/or its affiliates does not assume responsibility for damages done to these types of lines.

Visibly mark, with marking paint or flags, any privately installed utilities prior to digging. We will take reasonable precaution to avoid damage to these marked utilities, however pre-notification or marking does not place damage liability on Kriha Electric, LLC and/or its affiliates.

If determined by Kriha Electric, LLC and/or its affiliates, that winter conditions exist at the time of the underground installation, winter construction charges above and beyond the proposal price will apply. Winter construction charges are billed per time and

Institution) will be dedicated for the repairs identified in the Code Compliance Report for the

above-referenced address and that these funds are sufficient to complete those repairs based on

the bids and estimates I have provided to the City of Saint Paul in a work plan for rehabilitating

the property and receiving a Certificate of Code Compliance for the same.
