Subject: I Support the Proposed 1-4 Unit Housing Study Amendments to the Zoning Code
Date: Tuesday, September 26, 2023 8:05:29 PM

To the Honorable City Council,

You have probably heard from others about the benefits of this change, so I will keep it brief: I support the details proposed by the Planning Department. However, Sustain St. Paul is asking for district H2 to apply within 1/4 mile of Neighborhood Nodes and high-frequency transit routes, rather than 1/8 mile, to allow for more homes in walking distance of stores and transit routes, which seems like a good idea.
