Subject: 933 Payne Appeal

Property will be changed to VB-1 so that they can pull permits without waiting for code compliance inspection. Still needs full code analysis under building permit and will remain a VB until approved. VB fees waived for at least 90 days with possibility of extension depending on circumstances.

We don't need to do anything else with it at this point other than answer any questions they might have and direct them to plan review for questions about the code analysis process.

Thanks,

Mitch Imbertson
