% of Total	67.9%	19.0%	13.1%		

# City of St. Paul

## By Planning District

# Who Determines Your Property Tax?

## State Legislature

- Sets Property Tax Policy
- Establishes Property Classes & Class Rates
- Determines Levels of State Aid
- Underfunded Mandates to Local Governments
- Levies State Business Tax

## Taxing Jurisdictions

- Determines Levy Amount

## County Assessor

- Determines Market Value
- Assigns Property Class

# Major Factors Impacting Property Taxes

- Is the property tax levy going up, down or staying the same?
- Is there additional money available to reduce the local tax burden?
  - State aids
  - Fiscal disparity distribution
- How is the home's market value changing relative to other homes?  
Relative to other types of property?
- Are there increases to the tax base that are not the result of inflationary or deflationary changes to the values of individual properties?
  - New construction
  - Property going from exempt to taxable
  - Decertified tax increment financing districts
- Legislative changes?

# 2012 Legislative Actions/Inactions

1. Homestead Market Value Exclusion enacted in the 2011 legislative session was not repealed.
  - Replaced market value homestead credit with an exclusion on homestead property equal to 40% of 1<sup>st</sup> \$76K of market value less 9% of value over \$76K but less than \$413,800.
  - State doesn't pay to reduce homestead property taxes – instead reduces value used for local taxes on homestead property to provide a benefit. Essentially shifts \$23.5 million in property taxes from the state to local taxpayers, but protects homesteads.
  - Change effective for Pay 2012
2. Fiscal disparity report provided to legislature. No changes to fiscal disparity implemented in 2012.

# Factors Affecting Payable 2013 St. Paul Property Taxes

## For a Median Value Single Family Home

### of \$133,700 assuming an 10.4% Decrease in Estimated Market Value

### And No Change to the City Levy
