Hello Marcia:

Happy New year. Marcia, I'm reaching out to you to see what changed that the HVAC person is not allowed to pull the permit to fix the heat at 980 Conway?

He has met with the heating inspector to go over the process with getting the heat separated. The contractor was able to pull the permit to get the stairs repaired and the plumber to replace the water heater.

Marcia, Shai has worked very hard to get all items addressed to prevent the tenants from moving and get the Certificate of Occupancy. The tenants are elders and worried about being homeless.

Can you please advise what can be done to allow the permit to be granted.

Thanks and Looking forward to hearing from you.
