Hi Steve and Mike!

I'm hoping you can help me out with a permit on this one. The owner would like to improve the envelope of the building by replacing a prominent (currently boarded) window prior to seeking his permits for rehabbing the whole thing. It seemed like this was a finite and reasonable request and I'm running it by you to see if you'd be willing to issue a building permit for that 1 aspect of work, as we do occasionally with roof permits on these cases.

Thanks for considering this, let me know your thoughts, Marcia
