Subject: Proposed Property Tax Increase
Date: Tuesday, November 29, 2022 2:20:59 PM

As senior citizens and long-time St. Paul residents we find the 2023 Proposed Property Tax increases outrageous and extremely burdensome. We are on a fixed income and can't handle an almost 10% increase. Many of our family and friends have dealt with this by moving out of the city. Please do not force us to consider this option.
