L Remarks:

The fire department responded to this address for a dwelling fire. Upon arrival, Ladder #7's Captain reported an exterior chicken coop fire that had extended to the house.

Engine #4's crew stretched a 2-1/2-inch hose line to side Charlie for fire control. Engine #24 parked in the alley and their crew stretched a 1-3/4-inch hose line for exterior fire knockdown. Engine #17's crew established a water supply.

Ladder #7's crew forced entry through a back door, near the fire, and conducted a primary search of the first floor. Squad #1's crew conducted a primary search of the second floor and attic. Crews reported clear conditions in all areas of the house. Inspection holes, however, indicated the fire extension and overhaul was conducted with hot spot extinguishment.

Ladder #24 assigned to IRIT and secured gas and electric. District Chief #2 assigned ISO and conducted several 360-walk arounds. Car #50-EMS Coordinator assigned FIT and documented incident.

Fire extinguished and overhaul completed. Car #20-Investigator Blank conducted investigation and contacted out-of-town homeowner. Family member on scene refused board-up services. Xcel gas and electric personnel on scene. Form #4 completed on property and sent to DSI.
