item #10 and <sup>postpone</sup> all work to be completed to June 30, 2012

To Whom it may concern:

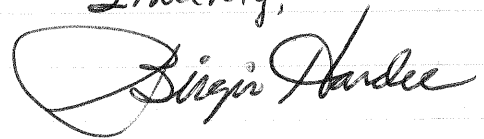

I have owned this property for about 25 years, I am also a retired union carpenter. I have always passed Section 8 inspections & requirements. I am requesting a variance on the (2) front bedroom windows. The inspector said they meet egress requirements but they open onto a front porch that has aluminum-screened storm windows & door... That seem to conflict with code. This is original of the house & not added on. The solution per inspector - This could be grandfathered in or variance granted.

I have been working on the building this year and I am asking for an extension to complete exterior work - concrete repair - exterior touch up.

I am presently out of state until the end of April. I will have all work completed by June 30, 2012. Thankyou for hearing this appeal.

Please call or E Mail me with any questions.

Sincerely,

Encl. See inspection report - 2 pages
