Included

Product	Description
Window rough in installation	Cut in opening for window, install header, frame in window opening. Install 600 series Richlin double hung window in new opening and all trim inside and out. Seal the opening with low expandable foam and caulk and seal as needed. Wrap exterior trim in aluminum in white. Included is lifetime product warranty and lifetime installation warranty.
Windows & Doors Richlin Windows and Doors 600 Series - Windows	
Windows & Doors Lead Safe Work Practices	 If the home is built prior to 1978, a test will be performed by a 3rd party to determine if lead is present. In this case since it is for one window, we will just assume there is lead and abide by lead safe work practices. No additional charges will be made.
Windows & Doors Permit	 General Window Permit *Structural Modifications may require additional fees. Price for permit may increase for structural changes and is subject to change if city charges more.
