1. This is a two-story wood frame single-family dwelling with a detached two-stall garage on a lot of 4,792 square feet that has been a Vacant Building since April 23, 2009.
2. The current property owner is Twin Cities Real Estate Partners LLC per Ramsey County records.

4. On January 4, 2011, an inspection of the building was conducted, a list of deficiencies which constitute a nuisance condition was developed and photographs were taken. An Order to Abate a Nuisance Building was posted on January 21, 2011, with a compliance date of February 23, 2011. As of this date, the property remains in a condition which comprises a nuisance as defined by the legislative code.

6. Taxation has placed an estimated market value of \$20,200 on the land and \$78,700 on the building. Real Estate taxes for 2010 are delinquent in the amount of \$2,357.95 plus penalty and interest.

9. Heritage Preservation staff that 260 Maria is known as the George and Jenny Madison House; it was built in 1882 and it's classified as pivotal to the Dayton's Bluff Historic District despite some of its alterations. It is a two-story Italianate house with a mansard roof and a frame structure with stucco over clapboard. One of the major features of this house is the cornice which is described as quarter wheel brackets and dog-toothed bed molds that are unique survivors in the historic district which is why it has a pivotal classification. The porch was enclosed in 1915. Originally, it did not have a full front porch; there was just a stoop. This was also surveyed as part of the 1981 Comprehensive Survey of Saint Paul, about eleven (11) years prior to the Dayton's Bluff Survey. At that time, it said that although it was altered with stucco, the house retains an unusually ornate cornice. It was stuccoed very early (before 1925), which increases it's integrity. It is one of several houses in the area which date from the early 1880s. The Italianate style is unique to Dayton's Bluff because of the collection. If Saint Paul starts to lose a lot of the Italianate houses, the integrity of the historic district becomes compromised.
