WHEREAS, the enforcement officer has posted on November 18, 2010, a placard on the Subject Property declaring this building(s) to constitute a nuisance condition, subject to demolition; and

WHEREAS, this nuisance condition has not been corrected and the Department of Safety and Inspections requested the City Clerk schedule public hearings before the Legislative Hearing Officer and the Saint Paul City Council; and

WHEREAS, the interested and responsible parties have been served notice in accordance with the provisions of Chapter 45 of the Saint Paul Legislative Code, of the time, date, place and purpose of the public hearings; and

WHEREAS, a hearing was conducted before the Legislative Hearing Officer of the City of Saint Paul City Council on January 25, 2011 at which the staff put the following information into the record;

1. This is a two-story, wood frame, duplex on a lot of 2,614 square feet and has been vacant since June 10, 2005.
2. The current owner is Deutsche Bank National Trust c/o Chase Home Finance LLC per Ramsey County.
3. There have been fifteen (15) Summary Abatement Notices since 2005 and seventeen (17) Work Orders issued for: 1) boarding/securing; 2) garbage/rubbish; 3) tall grass/weeds; and 4) snow/ice.
4. On September 22, 2010, an inspection of the building was conducted, a list of deficiencies which constitute a nuisance condition was developed and photographs were taken. An Order to Abate a Nuisance Building was posted on November 17, 2010 with a compliance date of December 17, 2010. As of this date, the property remains in a condition which comprises a nuisance as defined by the legislative code.
5. The Vacant Building registration fees were paid by assessment (7/7/10).
6. Taxation has placed an estimated market value of \$6,800 on the land and \$43,200 on the building. Real Estate taxes for the years 2008, 2009 and 2010 are delinquent in the amount of \$11,358 including penalty and interest. The property is scheduled to go tax forfeiture in 2010.
7. As of January 21, 2010, a Code Compliance Inspection has not been done and the \$5,000 performance deposit has not been posted.
8. Code Enforcement officers estimate the cost to repair this structure to be between \$50,000 and \$60,000; estimated cost of demolition between \$8,000 and \$10,000.
9. PED-HPC, reported that this property is known as the Nels-Okeson house. The 1981 Inventory Form states that it's a Queen Anne style 2 1/2 story built in 1889. It's a dark red soft brick. It is ornate with a hip and gable roof, an unusual asymmetrical profile with a two-story corner bay window topped by a wood turret which is missing its spire. There is elaborate brick work and rock-faced stone sills, ornate details and carving in woodwork, beautiful stained and colored glass windows, cut out circle motif in porch, gable on south side has recessed balcony with a mounted arch, shingles on dormer. It is by far the most ornate Victorian house in the vicinity. In 1982 it was being used as a duplex but originally, used as a single-family house. It has national register and local designation potential. It is located within the upcoming survey for Payne-Phalen, so it will be re-evaluated to see if it still maintains that potential. There are a couple other houses with some of these similar architectural features in the area. Noted threat in 1981: the owner plans to paint the brick. Now, it looks as though it's been painted with a red color all over. It still has its original double leaf doors. PED-HPC is going to recommend that this building be forwarded to the HPC and/or delay a City Council decision in order for the survey findings to come forward on this property within the next few months. It is noted as a site of major significant in the final report of 1983. Railroad Island was recommended as a potential historic district. HPC staff indicate that this is the most important building slated for substantial abatement reviewed in the last year.

WHEREAS, after reviewing testimony and evidence, the Legislative Hearing Officer recommends that the Heritage Preservation Commission formally review this pending order for substantial nuisance abatement in

order that they may provide input to the City Council in its deliberation on this matter; and

WHEREAS, the Legislative Hearing Officer may make the recommendation to approve the request to order the owners, interested or responsible parties to make the Subject Property safe and not detrimental to the public peace, health, safety and welfare and remove its blighting influence on the community by rehabilitating this structure in accordance with all applicable codes and ordinances, or in the alternative by razing and removing the structure in accordance with all applicable codes and ordinances, which is to be completed within fifteen (15) days after the date of the Council Hearing; and

WHEREAS, a hearing was held before the Saint Paul City Council on February 16, 2011, and the testimony and evidence including the action taken by the Legislative Hearing Officer was considered by the Council; now, therefore, be it
