My name is Mike Mortimer. Mortimer. The address is 1762. Englewood. It's on the corner of Englewood and Wheeler. I had a fire on December 22nd. I'll, I've. I was. Oh, giving us the impression that a company by the name of Restro. I was going to take care of everything. And they took care of all these assessments that I've had from the city by them saying that they just draw, they'll just call the guy and it'll be gone. Uhm, now I find out that Russ Bro is not what I thought it was, and I got rid of them. Now all of a sudden I'm getting these \$2200 bills again. I have a contractor and I'm trying to rebuild the place. It's not. It says that it's a vacant of abandoned building, I think. And I I'm there just about every day. So if you want to send somebody over there, I've had the building inspector and he said that everything was alright. We're just going to go and electrical inspector and he said everything was I have services and everything. I don't understand how one company can have the control of the city of Saint Paul and then if I have another contractor and all of a sudden I'm getting this \$2200 bill again, I pay my taxes for sake. I think I pay 8 or \$9000 in taxes and I pay them. The neighbors, there's the building, doesn't look like it's had a fire, and yet you're gonna charge me \$25,000 for a vacant building in the city where I don't know what to what to say about it. The I had somebody share. The only way you can come get anything done in the city of Saint Paul is to get ahold of the mayor. So maybe that's what I have to do. I'm not sure what I have to do about this thing. OK bye. 651-208-5529.
