Staff Comments

Hauler records show that the property owner was credited \$69.91 on their Q1 2022 invoice. This was based on the fact that they were charging the property owner for a 96-gal cart and two 35-gal carts when the property owner only had one 96-gal cart and one 35-gal cart. This reduced the original invoice from \$246.43 to \$180.01. Since the property owner only paid \$176.62 on 1/24/2022, they still owed \$3.83. However, the hauler requested that the city remove this assessment as a courtesy. Therefore staff recommends removing the assessment.

Billing Question

Lyle Kratzke June 17, 2022, 12:35

I have an assessment for \$3.83 (File #CG2202A1), not worth the \$25 appeal fee.

I was overcharged by Republic for 5 months in 2021. I thought I had this straightened out w/ "Claire" (651-266-6101) in you garbage office. Although she was very helpful, Republic is not & I never received the appropriate refund. In fact they owe me money, but I am only concerned with this continuing assessment.

I understand that I must pay Republic for 3 containers for my triplex, even though only 1 container is used & collected. I certainly don't owe Republic another \$3.83.

It is a small matter, but a matter of principal & frustration. Can you make this go away?

Thank you for your inquiry Lyle. My apologies for the delay as we were out of the office on Monday for the Juneteenth holiday. I have sent an inquiry to the hauler regarding your Quarter 1 2022 assessment. I should respond back with more information in 3-5 days. Please contact me in the meantime if you have any additional questions or concerns.

Best,

Hello Lyle. I submitted your inquiry to Republic Services and they requested that I remove the Q1 2022 assessment of \$3.49. This will be done at your scheduled legislative hearing date on July 7. There is no need to attend but please let me know if you would like to. Feel free to reach out with any additional questions or concerns.

Best,
