Hello Council members,

I want to ask you to vote yes on ordinance 22-27. As a St. Paul resident, neighbor to Mosaic Christian Community where the Settlement will be and church member I fully support this and hope you will too. The area where the Settlement is going to be was an eye soar, an overgrown wooded area where people dumped items. But now it is a clean and beautiful area that will provide a place for the chronically homeless to find community support, safety, purposeful work and be able to give back to the community around them. I look forward to being their neighbor and friend and one of the many people committed to being a part of the supportive community.

Thank you for supporting this innovative solution!
