Subject: License #20210000674
Date: Monday, August 8, 2022 1:12:48 PM

I received notice of an application to allow an outdoor service area license to the existing license for Emerald Lounge. I am objecting to the application. I am requesting the license have a condition that outdoor seating be closed down no later than 9 pm. This bar/restaurant is in close proximity to residential housing and noise from customers is a concern, especially as parking issues have not been dealt with and customers of the businesses along 7th park in front of homes in the surrounding neighborhood.

If a hearing is scheduled I would like to be notified of the date. I made a request to be notified on the original license for this business and was not informed or given an opportunity to be heard.

Thank you for your time.

Sincerely,
Catherine Fletcher
