--------------	---------------------	-------------------------	-----------------	------------------	----------------	--------------

WARNING: CONCRETE MAY CAUSE BURNS TO EYES AND SKIN! SEE OTHER SIDE FOR SAFETY DATA SHEET

- Warranties, Remedies and Limitations:
 - Cemstone does not, under any circumstances, warrant the performance of concrete which is not adequately cured, is improperly handled and/or finished, or is not fit for the intended use after delivery/discharge to customers or for which the mix design was provided by a party other than Cemstone.
 - Cemstone does not warrant, under any circumstances, the final color shade or appearance of any architectural specified ready-mixed concrete finish.
- Specifications: Ready-mixed concrete shipped shall generally conform to the American Society for Testing Materials (ASTM) Standard Specification C94-19 Option A (except paragraph 6.4.2) unless otherwise specified in writing by Customer and agreed to by Cemstone.
- All testing MUST be performed in accordance with the most recent version of the corresponding ASTM standard. When compressive strength testing is performed, the concrete MUST be sampled in accordance with ASTM C172, specimens MUST be cast and cured according to ASTM C31 and MUST be tested for compressive strength in accordance with ASTM C39.
- The sole and exclusive liability of Cemstone for any defect in the accepted goods shall be limited to repairing or replacing the goods as Cemstone shall elect. The obligation to repair or replace the goods shall terminate two months after the delivery. Free unloading time up to 7 minutes per yard to be computed from arrival on job. Demurrage at \$2.35 per minute must be paid by the purchaser thereafter.

The concrete contained in this load has been manufactured to the industry tolerance for water/cement ratio. Adding additional water will change the properties of the concrete, including strength, shrinkage, color and bleed rate.

You should not add water if:
 *the maximum water/cement ratio has been reached or
 *the maximum slump has been obtained

Service completed by: Keith Swaggert

INVOICE

Services	qty	unit price	amount
Estimate	1.0	\$6,147.00	\$6,147.00
1. Install gas valve only for dryer. Will need to make sure there is a code drip tee in place 2. Vent dryer out window with correct fittings and tape. 3. Remove section of 4" cast iron and install a new clean out. Also remove cracked 2" eye for kitchen sink that has a crack in it and replace with plastic. 4. Replace 3-4" water line for water meter to tee by water heater. Customer does not trust pex piping and wants all copper. It will be propress fittings. 5. Replace copper going to cement laundry tub and install customer supplied laundry tub faucet. All piping will be done in copper as customer requested and will add shut off valves for the washing machine. Customer to supply air resisters per code. 6. Run an 1 1/2" vent from upstairs bathroom all the way down to basement, will need to vent the kitchen sink and continue down to laundry tub and vent that correctly. 7. Install toilet on top floor bathroom. That was not talked about on the initial visit so if there are any problems, it will be extra. I am pretty sure it's a lead bend and cannot guarantee the lead is in good shape. 8. Remove existing tub faucet on top floor and replace with code approved single handle. Customer will need to build wall higher to accommodate the new fixture. If he wants a shower he will need to build the wall all the way up. 9. Price includes a return trip to set tub trim and toilet. No other fixtures are included. 10. Price does not include permit.

Customer Verification: I have read this report and note the disclaimer. I now understand which areas of my system appear to be satisfactory, and which areas are not.
 Please note: This sheet is the result of a visual inspection done at the time of a cleaning. It is entered as a convenience to our customers, not as a certification of the worthiness or safety. Since safety is always a matter of degree, and not all parts of the chimney are accessible for visual inspection, and condition of use is beyond our control, we make no warranty of the safety, function, or fire worthiness of any appliance or chimney, and none is to be implied.
