**Subject:** 2023 Proposed Property Tax  
**Date:** Monday, November 28, 2022 1:14:12 PM

---

Dear Council Hearing,

I am shocked to receive a proposed 12% increase in 2023 property tax on my homestead, with no modifications or major improvements.

Breaking down the increase the proposal is **over 9% for Ramsey County** and a **STAGGERING 24.2% increase for St Paul !**

How does Ramsey County and City of St Paul justify these huge rises, well above inflation, at a time when so many of its citizens are struggling with increased living costs.

Unfortunately I'm unable to attend the meetings this week due to work commitments, where can i find a summary of the public meeting to be held on 6th December?

Regards
