Hi, there is going to be an appeal on this address on the 9th(I think). I cannot be there but would like to let you know my thoughts. This was a private home until a divorce took place. The house is in the wife's name but she moved out. Her ex husband, adult son and 100 year old mother-in-law still live in the home. They all still consider it the family home. Dr. Espinosa started drastic remodeling to the interior and exterior. They have a new roof. Although the walls are open waiting for more insulation and other things are needed I think it would be beneficial to keep the family in the home. After the inspections they better understand they need to get this work done. They have pulled permits. They give 24 hour care to the Grandma. She is very well cared for by the family and it would be quite stressful to move her from the home. The home is neat-not cluttered and they have smoke and carbon monoxide alarms.

Feel free to call me at 6-1285. Thanks, Kay
