Subject: Please Submit File to Reduce Q4 2021 Assessment for 393 Stryker Ave

Think Before You Click: This email originated outside our organization.

Please reduce the Q4 2021 assessment \$101.23. The reason for the removal is below:

Hauler records show that during Q4 2021 the property owner was being charged for two 35-gal EOW carts and one 35-gal cart with weekly pick up. However, because the property owner should have only been charged for a 96-gal cart at the property, staff recommends reducing the assessment to \$101.23.

Thank you!
