Garbage Hauler Republic Services
Have you contacted your hauler about this garbage bill before? Yes

Staff Comments

Hauler records show that service was provided for one 64-gal cart during Q2 2022. The reason that the invoiced amount was less than the base cost of a 64-gal cart was due to a credit being applied to the account for a service hold during Quarter 1 2022 for one of the residential units. Since the current property owner is responsible for all currently pending assessments on the property, staff recommends approving the assessment.

I purchases and closed on this property June 20, 2022. I called Republic and established my own bills/services after purchase of property. This bill is not mine as the seller still owned this property during its delinquent payments.

Thank you for contacting the City of St Paul Garbage program. Unfortunately, as the property owner you are responsible for any pending assessments on the property. My recommendation to property owners is to contact your title specialist regarding the assessment as they should have informed you of it before closing on the property. Please let me know if you have any additional questions or would like to further contest the assessment through a legislative hearing on October 7, 2022.

Best,

Clare Pillsbury

Internal note

[Sarah Haas](#) can you look at the email chain with Frances? It still does not make any sense why there would be a charge for Q2 2022 when they had a service hold in place until June 22. Unless you disagree, my recommendation would be to recommend removal of the assessment.

Internal note

[Clare Pillsbury](#) I think we need quarter 1 22 billing information for the previous owner to determine if they made payment or not...if they did then there should not be a charge for Q2 since it was on hold.

Second we need to know when Dana set up service and if she paid for July. It looks like they are charging twice for that month.

Hello Dana,

In examining the assessment amount that you are contesting for the April - June invoice, I noticed that you also have a pending assessment on the property for a January - March invoice in the amount of \$115.88 (you can see this using the link to the assessment look site below). Unfortunately, you can no longer contest this assessment via a legislative hearing. Therefore, my recommendation would be to contact your title specialist to see if they can reimburse you for the assessed amount.

Please contact me if you have any additional questions or concerns. Otherwise, we will talk to you at the legislative hearing on Thursday October 6th. We will be calling you between 9:00 and 10:00 AM for the hearing.

Best,
