		Staff report by Supervisor Joe Yannarelly: November 2, 2021 a Summar Order was issued to cut trim and remove overhanging vegetation obstru Compliance date of November 9. Rechecked and found in noncomplianc an abatement November 10 for a total proposed assessment of \$360.		
	Moermond: Ms. Wellner, after the fact you asked this l your thinking was?		asked this be looked at again. Tell me what

		Moermond: he was the ir	nitial inspector on tl	he November 2 orders.
		Wellner: interesting.		

Moermond: the first photo I have is from November 9th. The photo does look like what was described in the orders. It is evident if you are looking down the alley the overgrowth does extend a few feet into the alley. I did look at the video Parks. Some work had been done by you.

Wellner: I didn't do any work until the 12th.

Moermond: so you did work after the crew was out there?

Wellner: I have Parkinson's and two knees that need to be replaced. It took me many hours. I understand the point of the order. They went out on the 10th and I found no indication anything had been done. If I knew you'd been out and I was going to have to pay \$350 I wouldn't have busted my butt on the 12th clearing everything out. I just find it discouraging.

Moermond: I agree the crew didn't do a good job. They did a minimal amount. It is unfortunate they did that. Compliance is the ultimate goal. I have a couple concerns. You did blow the deadline for appealing the order, blew the deadline on appealing the assessment itself. That was six weeks.

Wellner: when was the appeal notification?

Moermond: the tax assessment that went out had information about appealing this pending tax assessment.

Wellner: I'm not trying to get out of anything, but I talked to Inspector McCullough and he said he was going to remove it.

Moermond: I'm going to recommend this gets reduced. The City sent a crew, the City did a bad job. That is absolutely true. You did your best after the deadline. Not great there either. I'll recommend it is reduced to \$100.
