Hello Ms. Larkin,

I gathered the information related to the clean up and it's related to not cutting the grass/weeds on your property. Here attached is the order and photos inspector issued and took (these were sent us mail and there were no returned mails). I will send videos of the before/after clean up the Parks crew did. After seeing them, let me know if you still wishes to appeal. The hearing date is February 21, 2023 via telephone hearing between 9:00 and 11:00 a.m. I will call you from 612-315-7905.

To Whom It Concerns --

I'm not sure who to contact about such but I believe I received a public hearing notice in error. The assessment claims that there was private property clean up at my address (1985 Minnehaha Ave. East,

St. Paul, MN 55119) between November 1 and November 10, 2022. This is entirely false. No one cleaned anything off of my property during that time. I'm wondering if the dates weren't mixed up, or perhaps this notice was sent to the wrong address? I'm confused as to why I have to contest something that never happened, as well as miss work in order to do so. If someone could clarify for me what work was supposed to have been done, and/or what was supposedly cleared off of my

property, I would greatly appreciate it. I called the number provided on the notice (Questions? Call Assessments at 651/266-8858) and was told that they were essentially a billing department and didn't know anything about what I was asking. Is there a better number to call?

Than-you so much for your time and assistance in this matter. Sincerely,

barbara s. larkin
