Staff Comments

Hauler records show that the payment that was made on 10/19/2023 was applied to an old account the property owner had with Waste Management. When this payment was found in March 2023, it was applied as a credit to the correct account and will be applied as a credit to the next invoice. While staff is unable to recommend removal of the assessment in full, they do recommend removing the late fees and reducing the assesment to the original invoiced amount of \$69.81.
