Subject: Concerning 342 Bates hearing tomorrow Tues (Aug 5th) and on agenda for City Council this Wed.
Date: Monday, August 5, 2024 12:40:16 PM

Hello, This is concerning 342 Bates and owner Kingdom Results, Dustin Osdoba's appeal to the City of St Paul to erase the fee for leaving a large blue recycle bin full of garbage ON the actual street for 6 weeks this past winter. Neighbors made several calls to Complaint Line to rid the street of this nuisance as it smelled terrible and squirrels were getting at the often open bin and scattering garbage all over Bates Ave. The City of St Paul sent out 4 letters to multiple addresses to reach the owner of this property Dustin Osdoba about this issue and still this large recycling container full of garbage sat for weeks making our neighborhood look filthy and uncared for. Neighbors do not feel this fee should be erased. Sincerely, Concerned Neighbors
