Ramsey County, Minnesota  
Torrens Property

Parcel 4:

Lot 1, Block 5, Furness' Garden Lots.

Ramsey County, Minnesota  
Torrens Property

### **Supporting Information**

The Heights Development integrates residential, light industrial, and open space. The development plan has been outlined by the Hillcrest Master Plan adopted by Saint Paul City Council June 1, 2022. Higher density housing will primarily be located to the north of the site along Larpenteur Avenue E. The western most peninsula will also serve high density residential. Light industrial is planned for the eastern portion of the property between Howard Street N and McKnight Road N. Lower density residential housing is planned for the western portion of the property beginning near Hoyt Ave and ending at Ivy Ave. The planned land uses will be seamlessly integrated through passive open space and a city park.

Higher density residential intends to support approximately 60 units per acre. Lower density residential intends to support approximately 20 units per acre. Light industrial intends to support approximately 15-23 jobs per acre.

This information can be referenced in the Hillcrest Master Plan page 24.
