Hi Joanna,

All of the letters/correspondence in question were a part of the record for the consideration of RLH TA 19-829, the assessment in question being for 2<sup>nd</sup> quarter service in 2019. The hearing itself was the format in which the information was considered and there are numerous responses from City staff also attached to the record. To be honest, he NEVER sent me a letter, they just went to Trudy. He either "makes that up" by creating a new document or can't remember what he's done. I suspect the latter. In any event, no need to pursue that.

Print the packet and mail it to him next week with a letter saying his letters were included in the record, considered and answered in the proper venue, the Council's hearing process.

Thanks, Marcia
