Re: 2024 Mill City Overlay

I received a letter w/o a date regarding the matter above-mentioned.

This is one of the most brilliant ideas of the 15th century.

The assessment information claims that Tiger Jack's (the only remaining structure from the Rondo era) shall benefit from this project in justification for the \$527.00 assessment fee.

I am asking you to prove this claim. I will not benefit. Prove this benefit claim.
