RE: Letter of Support for *Bang Brewing Company* Application for Expansion

To Whom It May Concern:

The St. Anthony Park Community Council (SAPCC) strongly supports the *Bang Brewing Company* application for an expansion of their existing liquor service area and outdoor service area – including a new rain garden space and 3-season pole barn pavilion.

As required by the City of St. Paul, a *Bang Brewing* representative contacted the SAPCC - the district council representing the area encompassing their license location at 2320 Capp Road, Saint Paul 55114 - to discuss their proposed business plans.

The SAPCC is a 501(c)(3) non-profit with a voluntary board of directors composed of members elected by their neighbors - and it is the officially recognized City of St. Paul neighborhood organization for District 12. The purpose of ensuring applications like these are presented to the SAPCC is to create opportunities for residents to learn about what is happening in their neighborhoods and collaborate with one another - and city government - to maintain and improve the quality of life in our community.

SAPCC recognizes that active spaces and the vibrancy of our neighborhood are strongly connected to the success of our community's businesses - especially those like *Bang Brewing*, who continue to invest money and commit their energies to growing and sustaining them in harmony with the natural environment.

We encourage your favorable consideration of the *Bang Brewing Company* application - and look forward to Sandy and Jay's continued success as they make thoughtful expansion and infrastructure improvements.

Sincerely,

Tom Ososki and Roger Purdy
Co-Chairs, Land Use Committee

on behalf of the
Board of Directors of the
St. Anthony Park Community Council
