Staff Comments

PO purchased Money Order on February 10, 2024 and mailed it to Waste Management. WM states because there is no WM stamp on it, it is impossible to determine if it had been cashed, and that it is also harder to track without the stamp. WM requested PO to return to location where she bought the Money Order to see if they have a copy of the front and back of the Money Order, but PO is unable to do so because PO purchased the Money Order in February.

Internal note

Money order is dated 02/10/2024 for the amount of \$85.47. WM cannot find it/has no record of it.

WM response" *She will have to go back to the location where she purchased that MO and see if she can get a better copy – as it states “front & back”.*"

Hi Michelle

I have been emailing back and forth with Waste Management to try and figure out what happened to your money order. They asked if it was possible for you to go back to where you purchased that money order and see if you can get a copy of the front and back of the money order. It would help them try to located where the payment went.

The hearing officer will ask for that information as well, at the legislative hearing on August 6, 2024.

Let me know if you have any other questions

Hi Michelle

I did receive the copy from City Hall, and I sent that to Waste Management They were hoping you could try and get a copy of the full Money Order, front and back. I understand it can be difficult because that was quite a while ago. I am trying to get this figured to prior to the legislative hearing.

I will reach out with more info as the date nears.
