## Referral Re-Inspection

**Closed:** 08/15/23

Result:

**08/15/2023:** Comment Only - There was another complaint about odors coming from the employee entrance and noise. The storage is right next to the community room. There was no odor at 1232pm 8 15 23 , there are no cracks in wall in the storage room behind the community room the narrow space on the east side another entrance for employees only is full of insulation which shows the attic. The manager recorded the conversation about the orders written about plumbing I told her if you are unsure of what to do when working on plumbing and do not believe the orders then call the construction dept and ask for a plumbing inspector. 15 23 JT
