Subject: Sound Variance request for an event at North Dale Recreation Center for 6/29/24 2-8 pm.

Think Before You Click: This email originated outside our organization.

Hello,

I received a notification that a sound variance request has been made for a private event for the North Dale Recreation Center for Saturday 6/29/24. I live at 782 Arlington Ave W Saint Paul MN 55117 (within 6 blocks) and wish to voice my concern about the sound variance being granted. This is a residential neighborhood adjacent to Como Park where events that require a sound variance are normally held. This request is also being made with a very compressed time frame for proper community notification and review/response. I look forward to a timely response in accordance with the compressed time frame required for this variance request.

Thank you so much for your attention with this matter.

Best,

Dawn Lamm
