LEGISLATIVE HEARING DISCUSSION ITEM

- 42** [RLH TA 24-170](#) Ratifying the Appealed Special Tax Assessment for property at 695 OHIO

STREET. (File No. 2406T, Assessment No. 249004)

Assessment ratified

Also in attendance: Daniel Witucki, appellant, appeared via call-in

Marcia Moermond, Legislative Hearing Officer: This stemmed from a notice to eliminate trees. Two were in the front yard and one in the backyard. The order went out on September 1, 2023. The deadline for completion was October 2. A work order was sent and the work was done on January 18, 2024. The cost was \$3,700 with a service Charge of \$336.67, for a total of \$4,036.67. The cost of the tree removal is based on the contract cost for the City. The owner indicates he did not receive the notice, and that there were later conversations with staff after the tenant found a note on the door about the tree removal. This was a complicated removal because it required power lines to be dropped. The owner then got a contractor to look at the 3 trees, who came in December. The trees were then gone by the time the private contractor came back. The owner said he got an extension, but there is no record of that. The notice before you shows what the owner received, including how a failure to resolve the nuisance would result in an assessment. City code does classify this as a nuisance and the City has authority to abate this nuisance. The owner wants a reduction based on a lower bid he says he received for \$3,000. There was a question in Legislative Hearings from the owner, where he argued that it was only partially on his property. The photo here shows the stump in line with the driveway, and so in the City's view this is on the property line. My recommendation is approval of the assessment as written.

Daniel Witucki: I'm partially contesting this assessment. A note from October 16 that one of my tenants found was the first I heard of this. I had an arborist scheduled to remove the trees and told Inspector Carl Mueller that. He had no objection to my time frame and now he says he doesn't have a recollection of that conversation. My ask is to only pay \$3,000, which was the cost of my private tree contractor. I did not have any contact from the contractor that the City hired or the inspector saying that the tree was going to be removed, which the City is supposed to do. I'm also confused with a notice saying that the amount had already been assessed. I would like clarification on that.

Moermond: On June 26, Council laid this over to allow him to participate in this hearing. If he received an invoice letter, that was in error from assessment staff and that will be corrected if this is ratified.

Kim: I move approval.

Jalali: I support that.

Bowie: We are voting whether to ratify an assessment for \$4,000, the tenant asked for \$3,000, and your recommendation is the full \$4,000?

Moermond: Yes.

Jalali: Can it be made payable over time?

Moermond: It can be made payable over 10 years. It was mentioned as a possibility during hearing but was not requested.

Public hearing continued to July 17, 2024.

Marcia Moermond, Legislative Hearing Officer: My recommendation had been to remove within 15 days, but at 2:50 PM today we received what appears to be the final materials needed. I have not had a chance to review them and am asking for a one week layover.
