

First Quarter 2024 Vehicle Accident Summary January-March 2024

SPRWSVA2024-01 Engineering 01/03/2024 8:07 A.M.: Engineering DPU employee driving #574, was in a round-about at Hazel and Margaret when vehicle #2 slid on icy street into the round-about and struck the right rear of #574 with its left front-end. Police attended the scene. No injuries noted.

SPRWSVA24-02 Distribution 02/20/2024 3:15 P.M.: Distribution Tandem Dump Truck #680 was driving SB on Rice Street in the left lane when vehicle #2 in the right lane passed #680 at Maryland at a high rate of speed and suddenly turned left into the left lane in front of #680 (no signals) and braked heavily to a stop, giving #680 no time to fully stop and thus, #680 struck #2's left rear-end with its front bumper. No injuries indicated for either driver. Police were notified.

SPRWSVA24-03 Vadnais 02/27/24 11:15 A.M.: Vadnais Supervisor driving #643 NB on Wabasha between 10th and 11th street in the center lane had #2, a SPFD ladder truck started merging into the center lane from the left lane, leaving #643 nowhere to go due to a vehicle in the right lane. Next, #643 decided to accelerate ahead, but it was too late and #2 struck the left rear of #643 with its right front side, causing moderate damage. No injuries indicated. Police were notified and attended the accident scene.
