

Dear Dr. Q & Dr. Todd Johnson:

October 30, 2019

Greetings and smiles from Lenny Anderson. Thanks in advance for all your help and kindness over the years which is greatly appreciated.

1. I am requesting that you write a helpful letter for me. FACTS: Stress kills, 23 years ago I was in the intensive cardiac care unit at Regions Hospital. It took many years for me to recover from too much stress which affected and damaged my heart, so I really never want to go down the road of too much stress again. God answered my prayers for help and the letter from my Doctor also helped greatly to create a miracle recovery for which I am very grateful.

Please see attached 12-19-19 letter details response signed by Bernard Quebral MD.
