Hello,

I am sending you a couple of items prior to the hearing **today at 1:30pm** (I will plan to bring copies with me as well). You already have the MNOI workbook that was submitted with the application, but I have attached that also for your convenience.

I would like to point out that according to the calculations on page 15, this property could have requested an increase of up to 15%, however we choose to limit our request to up to 8%.

- ✓ Attached you will find the current lease for the resident who has made the appeal and requested the hearing.
- ✓ We have not sent a renewal notification or increase letter to this resident. His request is based on the notification letter that the City sent informing residents that we have made a request for exemption to the 3% cap.
- ✓ This resident lives in a studio apartment with a current rent of \$880.
- ✓ Our request for an exemption for up to 8% is based largely on rising operating costs. Specifically, property insurance went up **29.2%** at this property from 2022 to 2023.
- ✓ This property is a market rate "workforce housing" type of community. This property has had the same local owner and management company for over two decades.

If there is something specific that I should plan to bring, please let me know. Otherwise, I look forward to the 1:30 hearing today.
