They have known these chickens were coming home to roost, and this exception to the 3% cap on rent increase is how they intend to pay for it.  
Attachments Are Acceptable

What Is Being Appealed and Why?

Please see attachments showing history of unresolved building problems. In lieu of these unresolved building problems, the owners of the property & the landlord of said property shouldn't be granted an exception to the 3% cap on rent increase.

This landlord is a poor corporate citizen. They (see attachment) have recently agreed to settle claims with the Minnesota Attorney General relating to their bad practices. They have known these chickens were coming home to roost, and this exception to the 3%

REQUEST FOR EXCEPTION TO 3% CAP  
NOTICE OF DEPARTMENT DETERMINATION THROUGH SELF-CERTIFICATION

RE: 476 Herschel St.

Dear Resident:

On 3/21/2023, your landlord applied for an exception to the 3% cap on rent increases per Chapter 193A of Saint Paul's Legislative Code. Department approval for the exception has been **granted** through the self-certification process provided by the City.

However, this is not a Final Determination and rent cannot be increased in the next 45 days.

You have the right to appeal this determination to the Legislative Hearing Officer. Applications for appeals may be obtained at the Office of the City Clerk, 310 City Hall, City/County Courthouse, 15 W Kellogg Blvd, Saint Paul MN 55102, phone: 651-266-8568 and must be filed within 45 days of notice.

If there is no appeal within the next 45 days, the determination will be considered final, and your landlord may proceed with the rent increase between 3% and 8% as approved by the Department.

A full translation of the notice is available upon request from the City.

If you have any questions, please reach out to the Rent Stabilization Workgroup using the email address below.

Sincerely,

**Rent Stabilization Workgroup**

## Closed Maintenance Requests

### Not Maintenance Related **CANCELED**

Please take these electronics and appliances that have been at the foot of the 468 Herschel basement laundry room steps for years; many of them were illegally put in the nearby 468 Herschel dumpster. Repowered, (formerly Tech Dump) in St Paul (see link for locations) has contracted with Ramsey County and will now take most of these items for free.

Here is a link to Repowered's listing the items they take:

Jennifer and Dadders Estates LLC,

People, some whom are tenants and others who are not tenants of 467-478 Herschel, are illegally dumping non-disposable items into the dumpsters next to 468 Herschel, St. Paul, MN 55104 (located on south side of building)

In lieu of my recent (5/1/2022) rent increase of \$104, and that I was previously taking such previously described illegally dumped televisions and other things to the appropriate centers for processing out of my own pocket, and that the St Paul Department of Public Works doesn't pick up illegally dumped items left on private property and that I have twice (see amongst emails below) asked Housing Hub to appropriately process these items themselves and Housing Hub per approval from its owners Dadders Estates, LLC has still not appropriately processed these items (in front of the washing machines and dryers owned by Dadders Estates, LLC that Dadders Estates LLC several months ago promised to take to a junkyard but left behind in this basement (all shown in the attached photo taken today, 5/3/2022)), I have reported this now to the city of Saint Paul.

Gaius Poehler, Apt 10, 476 Herschel

P.S.

Jennifer, thanks for your courtesy; you've done all you can; and Dadders Estates LLC needs to act on my and your attempts to take care of this and ensure that illegally thrown away items like this are appropriately legally processed.

The young man who last year picked up the items (the maintenance request says completed 8/16/2021, but I don't remember the 2 dates he was here; the size of his trailer made him have to remove the items in 2 loads) said things in property basements pile up unbeknownst to management unless a maintenance request is made by a tenant who notices it.

I emailed Jennifer on October 29th, 2021 about more appliances left in the dumpster that I put in the 468 Herschel laundry room basement and Jennifer may have forgotten to make the maintenance request for a tech to pick them up that she on November 1, 2021 said she'd make. In the meantime, more appliances have been left in the 468 Herschel dumpster that I put in the 468 Herschel laundry room basement. Though I reported it to the city who in an email to me said they'd contact Housing Hub about it, I'll make a maintenance request for a Housing Hub maintenance person to like last year, pick up the items in the picture up and take them to an appropriate site for processing. Here again is a link where to take said items:

Jennifer,

Unfortunately, Housing Hub's maintenance request page won't permit somebody to come out to clean the carpet.  
The entire 476 hallway carpet needs to be cleaned due to years of having not been cleaned, and that is the company's responsibility, not tenant responsibility.

Jennifer,

There's a white stain on the floor on the second floor by (476 Herschel) Apartment 8 near the steps. I don't know who caused it, but can you send someone out to clean it up? Furthermore, the entire 476 Herschel hallway carpeting probably could use a shampooing as it hasn't been cleaned for years. I noticed there's also permanent footprint marks on the steps leading up to the second floor that could be cleaned.

Thanks!

Y.A.

all he needs to do is fill the 4/4-4/0 Herschel boiler up with water which will then allow it to heat the units. As I've said several times, various heaters like mine leak at the valve which then depletes the water where he has to fill it/the boiler up again. See picture of my thermometer which has it at 60° in my bedroom.

## Attorney General Ellison wins relief for tenants whose landlord unlawfully withheld amounts from security deposits

*Housing Hub to pay \$63,000, stop charging tenants for carpet cleaning, replacing batteries, lightbulbs, and filters at move out*

*AG's office will use the funds to refund tenants*

**March 13, 2023 (SAINT PAUL)** – Minnesota Attorney General Keith Ellison announced today that his office has settled with a St. Paul-based property management company that illegally withheld amounts from tenants' security deposits. The settlement requires the company to provide refunds to its tenants and change its security deposit retention practices to comply with the law.

Under Minnesota law, landlords can withhold from security deposits only amounts reasonably necessary "to restore the premises to their condition at the commencement of the tenancy, ordinary wear and tear excepted." Instead, Housing Hub charged tenants (by withholding amounts from their security deposits) for items that needed to be replaced due to a tenant's ordinary use of the home. For instance, Housing Hub systematically charged tenants for professional carpet cleaning upon move-out even if the carpet's condition was not damaged beyond normal use. Additionally, Housing Hub charged tenants to replace smoke-detector batteries, lightbulbs, and furnace filters, which are all routine turn-over costs that Minnesota law prohibits landlords from shifting onto their departing tenants. Housing Hub also told tenants they were "required to leave the property in its original condition," and were required to take apart and clean their windows, stoves, vents, and light fixtures in order to obtain their security deposit back without deductions.

The Settlement, filed in Ramsey County District Court, requires Housing Hub to pay the State \$63,000, which the Attorney General's Office will use to provide restitution to the company's tenants who were illegally charged for carpet cleaning, and/or replacing batteries, lightbulbs, or filters. Among other things, the settlement also requires Housing Hub to remove from its lease provisions requiring tenants obtain or pay for professional carpet cleaning, and to stop charging tenants for batteries, lightbulbs, or filters. Housing Hub may only charge for damage to the home that rises beyond ordinary wear and tear. Additionally, if Housing Hub withholds amounts from tenants' security deposits for cleaning, the settlement also requires Housing Hub to provide tenants with evidence that the unit required professional cleaning to restore it to its original condition, ordinary wear and tear excepted.

"Having a safe, affordable roof over your head is essential to living with safety, dignity, and respect," Attorney General Ellison said. "Part of that is landlords following the law and returning tenants their security deposits. I am pleased that Housing Hub has agreed to refund its tenants and change its security deposit practices going forward."

Attorney General Ellison encourages *any* tenants—not just Housing Hub tenants—who have had amounts withheld from their security deposits for normal wear and tear to contact the Minnesota Attorney General's Office by filling out the dedicated Tenant Report Form on the Attorney General's website. Minnesotans can also report violations by calling Attorney General Ellison's office at (651) 296-3353 (Metro) or (800) 657-3787 (Greater Minnesota).
