Subject: late advisement of legislative hearing file #J2317A assessment #238517

Hello, I received a notice for legislative hearing file #J2317A and assessment #238517 for 1062 Chatsworth St N. The notice arrived on Wed 4/19/23 (one day past the actual hearing date.) It also arrived 2 days after I returned my tenant's deposit. If the notice had arrived on time I could have retained the amount from said deposit, per lease. I assume the notice was sent in a timeline out of compliance given the late arrival date and I'm hoping this fee can be dismissed.

Warm regards, Lisa Gendzwill
