Re: Remove or Repair of the Structure at <u>378 SIMS AVENUE</u>

Dear Wesley Hart:

This is to confirm that at the Legislative Hearing on November 14, 2023, Legislative Hearing Officer Marcia Moermond continued the matter to Legislative Hearing on Tuesday, December 12, 2023 at 9 am in room 330 City Hall/Courthouse for further discussion.

## By no later than close of business Monday, November 27, 2023 you must:

- 1. \$5,000 Performance Deposit posted with the Department of Safety & *Inspections (this was done on November 14, 2023)*; and
- **2.** <u>apply for a Code Compliance inspection</u> with the Department of Safety & Inspections (note that a Code Compliance Inspection was completed in December 2021 and has since expired)

It is an ongoing requirement that the property be maintained. The Code Compliance Inspection form can be found online here: <a href="https://www.stpaul.gov/departments/safety-inspections/vacant-buildings">https://www.stpaul.gov/departments/safety-inspections/vacant-buildings</a>. Please contact the Department of Safety and Inspections directly at 651-266-8989 for questions regarding the application or payment process.

The code compliance application must include lock box code and box must be attached to door for use; it isn't sufficient to just apply without ability for staff to conduct the inspections.

## <u>For your reference, the following items must (eventually) be completed before receiving a grant of time from the City Council to rehabilitate the property:</u>

1. submit evidence of financing sufficient to complete the rehabilitation. Staff estimates costs to exceed \$60,000. If total for bids are more than 20% less than staff estimate, a high level of detail will be required. Financing could be business or personal accounts, a line of credit, or construction loan. Other types of financing will be reviewed on a case by case basis;

- 2. submit an affidavit indicating the finances will be dedicated to completing the project and not diverted until a code compliance certificate is issued;
- **3. submit work plan, sworn construction statement, or scope of work.** This should include **signed** subcontractor bids and a **schedule** for completion of the project; and
- 4. the property must be maintained.

If you are intending to have a third party rehabilitate the property, pending transfer of title, the contract used for this transaction will need to be approved by the Legislative Hearing Officer. **Please note that title cannot transfer until the rehabilitation is complete and nuisance abated.** If you would like samples of any of these documents please let me know. If you have any questions, please contact me at 651-266-8585.

Sincerely,

/s/ Joanna Zimny Legislative Hearing Executive Assistant
