I don't see that noted on her account - this shows that Rachel talked with an agent and that agent entered a refund case – the refund was approved on 2.16.24 – 5 days ago. I don't see where Rachel was told we would do a reversal back to her payment account.

Since those payments took place from 6-19-22 to 10.31.23 there would be no way for us to do a reversal.

A refund check is being issued and that can take up to 4-6 weeks – which has been our standard for years.

PO states that on 2-13-2024 they were told that the refund would be applied to the same account they used to pay online and that it would go through in a few business days. However, they have not received it yet. Please check on this and tell me when the refund goes through. Thank you.

I moved that \$929 credit balance that she had on the old WM account over to her correct St Paul Account.

CE will be contacting her today to make sure she updates the account information with her bank and that we will send her a refund check for \$787.98(amount left after paying off 1<sup>st</sup> Qtr 2024)

Will PO be reimbursed or credited for the \$920 worth of payments that were applied to the wrong/non-existent account?

Can you please clarify-- Do you mean that she was she paying, but it was being applied to the old (wrong) account? Was the canceled account for the same address?

Let me guess – she can't figure out why she keeps getting assessed every quarter.

Well if you were sending you payments to the correct account - you might not have that issue

I found this on an old WM account we canceled in Sept 2018 – but for some reason she never changed her bank information

06/19/22	OTP-ACH	PMT	SLB	107.00	107.00-
08/06/22	OTP-PRE-ACH	PMT	SLB	107.00	214.00-

Here current trash account number is G40-3950 and her old WM account was 500-287402
